Intent

Not Vetted | Vetted | Planned | Recorded as Task | Completed | Discarded

The goal of the CHAZ discord is to easily allow community members to chat and connect with one another. The discord should allow for many special interest channels, and be an open and transparent place for the organization, development and administration of CHAZ. While there will be minimal moderation on this Discord, this should still be a safe space for community members, with no racism or hateful speech.

Needs

In order to successfully fulfill our intent, here are some critical needs.

Acting Roles

Note that each role is not limited to one point person, and it is in fact discouraged to have only one point person in a role.

Admin(s)	This person is primarily responsible for: • Making and maintaining text and voice channels • Managing permissions for roles and channels • Creating roles that help run the server more efficiently • Creating announcements for the
